

VOLUNTEER INFORMATION

FEDS Special Needs Soccer Program (SNS)

About the club

The Fergus-Elora Soccer Club has been providing soccer programs for our community since 1972. It has and continues to provide soccer program at house and travel league levels for ages 4-18 years as well as for adult men's and ladies.

About the Special Needs Soccer Program

FEDS started this unique soccer program in 2012. The program focuses on giving our adult community who have intellectual and/or physical challenges the possibility of playing and learning soccer skills. The

goal of the program is intended to give our players an environment where they are comfortable while they are exposed to basic soccer skills and also experience, team play, social interaction, friendships, exercise and most important fun. The program allows all the players to participate and are able to develop without any undo pressure and at their own pace. Our governing body, The Ontario Soccer Association has identified some Clubs offering adults the chance to play but the FEDS program is the only one in Ontario, possibly in Canada, to solely focus on adults with special needs.

Coaches and Volunteers

We have a wide range of expertise in our coaching group. Some have years of experience either playing soccer and/or coaching soccer. We also have coaches that have not played soccer at all before. What we are looking is individuals that are responsible, have a positive attitude, are outgoing and want to come out to help the participants in this very rewarding venture. All coaches are required to fill a Coach's Application Form, have a Police Check done and will go through an approval process.

For any further information please contact the FEDS office at fergussoccer@bellnet.ca or contact the Head Coach Pat Espina at pespina@quatrogroupp.com
